Any other stock	
Additional Information:	

Please note the following:

- Each derogation request will be reviewed independently of any other derogation. Granting of derogation in a particular area does not create any entitlement for other farmers in the same region.
- Granting of derogation does not guarantee qualification for future feed request derogations.
- DAFM may request additional documentation if required.
- The farmer shall maintain such records and in such detail as to fully account for the use of the non-organic forage granted under this regulation.
